A/C Adaptor	1
Needle Valve	1
Wheels	2

Attach both D pipes to the back of the backboard with the four 1/4" hex bolts.

Put a flat washer on each bolt and insert through the front of the backboard, and then the holes in the D pipes.

Attach both C pipes to the D pipes using two 3/8" x 3" hex bolts and lock nuts.

Attach the digital display and sensors to the backside of the backboard with the panhead screws as shown here.

NOTE: Be sure to orient the digital display right side up, and attach the sensors with white wires to the top positions. The bottom wires (black) are positioned toward the outside of the scoreboard as shown.

Attach the rims with the 5/16" hex bolts. Insert the bolts through the hole in the rim bracket and through the front of the backboard. Place flat washers and 5/16" lock nuts on the back.

Nut

Assemble framework per illustrations below.

3/8" x 3" Bolts

3/8" Flat Washers

& Lock Nuts

Loosen a coupler on either side of ramp in order to fold game.

Safety Instructions

Use only under adult supervision.

Do not allow anyone to climb on unit. The ball ramp and frame are not designed to support a person's weight.

Do not use in rain or in wet areas.

Be sure that there is plenty of clearance between the player and spectators.

Keep spectators clear from the sides and back of canvas to prevent them from being struck by a deflected or errant throw.

NEVER USE THE GAME IN STRONG WINDS OR LIGHTENING!!

Use caution when setting up or taking down the game. The sections of tubing can come apart and fall down, causing injury.

Use only the balls included with the game. Do not use hard balls or other hard objects.
